STATE OF RHODE ISLAND
DEPARTMENT OF HUMAN SERVICES

SANDRA M. POWELL, DIRECTOR

June 30, 2011

1. DESCRIPTION OF STATE AGENCY

The Department of Human Services (DHS) has been designated by the Governor as the agency responsible for the planning and administration of the Social Services Block Grant.

The Department of Human Services is a multi-service agency which administers a broad range of financial aid, medical assistance and social services programs under several funding sources. The Director is appointed by the Governor with the advice and consent of the Senate (Title 40 of the General Laws of Rhode Island). The Director provides leadership in planning and directing all activities and functions of the Department; serves as liaison with all other state agencies and federal agencies; coordinates Department activities in respect to state and federal legislation; and responds to inquiries and requests regarding departmental activities from individuals and organizations outside of the Department. The Director is assisted by the Deputy Director in the discharge of her responsibility by Associate Directors and Executive Directors who head the divisions of the Department: (1) Division of Economic Support, (2) Division of Management and Operations Services, (3) Division of Elderly Affairs, (4) Division of Veterans Affairs (5) Division of Child Support Services. Associate Directors and Executive Directors are responsible for overall leadership of major programs. They are responsible for establishing priorities, program standards and policies, insuring provision for training of staff within their programs and providing general assistance to staff in program areas under their supervision. Within the divisions, specific programs are headed by an Administrator (or equivalent title) that has day to day responsibility for program operation.

The Division of Economic Support has overall responsibility for the operation of the Assistance Payment Programs (TANF and GPA), Supplemental Nutrition Assistance Program (SNAP) and Social Service and Child Care Programs and the Social Service Block Grant.

The Division of Elderly Affairs is responsible for the development of comprehensive and coordinated systems for the delivery of services to the elderly in Rhode Island.

The Division of Veterans Affairs has administrative responsibility for the Veterans Home, Veterans Cemetery and other veterans affairs.

II. A PLAN FOR THE USE OF FEDERAL FUNDS

Federal funds will be expended in accordance with Title XX of the Social Security Act, also called the Social Services Block Grant (SSBG)

GOALS - Services are directed at the goals of:

1. Achieving or maintaining economic self-support to prevent, reduce or eliminate dependency;
2. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
3. Preventing or remedying neglect, abuse or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating or reuniting families;
4. Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care; and

5. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions.

RESOURCES

Funds to support the Block Grant (SSBG) are appropriated by the Rhode Island General Assembly to the Department of Human Services as a component of the total budget of the Department for the variety of services it provides. When expenditures are made for social service activities, federal and state resources are distributed concurrently. Federal funds received by the state are deposited in the General Fund. The estimate of the amount of federal reimbursement is considered one of the revenue sources when the State Budget is developed and is considered by the Legislature when appropriations are made.

SERVICES

- A. Services provided directly by the Department of Human Services consist primarily of casework counseling, and case management and include the cost of planning and administration of all SSBG activities and some staff training. They also include the referral to and authorization of contracted services.

Health services assist people to attain and maintain better physical and mental health by helping them to identify and understand their health needs and resources available to them including the Rhode Island Medical Assistance Program, EPSDT and Residential Services.

Housing services help people to obtain and retain adequate housing in the community, avert heating and utility shutoffs, mediate landlord/tenant problems, and address emergency shelter needs.

The Department's social workers play a key role in the area of Information and Referral Services linking people with appropriate community resources. Crisis intervention and follow-up activities are included in this component.

Specialized services are provided to individuals with physical or mental disabilities including individuals who are blind or visually impaired.

- B. PURCHASE OF SERVICE AGREEMENTS AND CONTRACTS are negotiated with a number of community agencies and organizations for the provision of specific services.

Emergency Shelter services provide housing when a client's dwelling is made uninhabitable as the result of catastrophe such as fire or flood, or when severe domestic problems endanger the safety of family members. Through the Department of Administration, Office of Housing and Community Development, funding is provided to community agencies for the establishment and operation of shelters for the homeless.

Information and Referral Services are purchased from community-based agencies.

Maternity Home Services are provided by contract. A residential maternity home placement facility provides counseling and related services to unmarried pregnant girls.

Family Planning Services enable individuals of childbearing age voluntarily to limit their family size by providing counseling, information, and medical services. (Medical Services are provided through title XIX for persons eligible for that program).

The Department of Mental Health, Retardation & Hospitals provides residential services to individuals with mental health and/or substance abuse issues who cannot be cared for at home and could not otherwise afford to have access to treatment.

GENERAL PROVISIONS

Services are available in every community in the State of Rhode Island. All persons in the State may apply for social services. There is no requirement of citizenship nor are there requirements related to duration of residence.

Although an individual or family may be eligible for most Block Grant Social Services, this does not mean that entitlement for a specific service exists. Additional eligibility requirements may be prescribed by the governing contracts and/or DHS Policy Manual. For example, transportation is only provided for individuals with disabilities, and documentation of the disability is required.

Provision of services depends not only upon the need of the individual or family, but also upon the availability of funding and the capacity of the provider agency. Waiting lists may be established when a provider is at the limit of its capacity to respond.

Agencies which enter into a contract with the Department of Human Services (or have subcontracts under Title XX) may not charge a fee for Title XX services, except in connection with an approved co-payment system. An agency may, of course, charge for other services not funded by DHS.

The State provides a system and procedure for fair hearings under which applicants or recipients may appeal denial, reduction or termination of services or failure to act upon a request for service within a reasonable time.

Medical care may be provided only as an integral but subordinate part of a social service.

Room and board will only be provided for a short-term as an integral but subordinate part of a social service or when temporary emergency shelter is provided as a protective service.

All providers agree to meet the requirements of all applicable State and Federal law including Title VI of the Civil Rights Act of 1965 and Section 504 of the Rehabilitation Act of 1973, as well as the longstanding policies of nondiscrimination in all DHS programs and the Drug Free Workplace Regulations. All providers agree to comply with the requirements of the Governor's Executive Order No. 05-01 and the Federal Anti-Drug Abuse Act of 1988.

All providers agree to report to DHS and to submit economy, efficiency and program results, reviews, investigations and evaluations and audits which may be required on a quarterly fiscal basis with annual audits.

Public participation and comment are encouraged in all DHS programs and facilitated through wide dissemination of this report, by the legislative hearings open to the public, through the accessibility of all levels of department staff from field worker to the Office of the Director.

Specific comments regarding this plan may be addressed to the Division of Individual and Family Support Services, Office of the Associate Director, 600 New London Avenue, Cranston, Rhode Island 02920.

Comments will be considered when Social Service Block Grant plans and reports are developed.

CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103227, Part C Environmental Tobacco Smoke, also known as the Pro Children Act of 1994, requires that smoking not be permitted in any portion of any indoor routinely owned or leased or contracted for by an entity and used routinely or regularly for provision of health, day care, education, or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law does not apply to children's services provided in private residences, facilities funded solely by Medicare or Medicaid funds, and portions of facilities used for inpatient drug or alcohol treatment. Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to \$1000 per day and/or the imposition of an administrative compliance order on the responsible entity. By signing and submitting this application the applicant/grantee certifies that it will comply with the requirements of the Act.

The applicant/grantee further agrees that it will require the language of this certification be included in any subawards which contain provisions for the children's services and that all subgrantees shall certify accordingly.

CERTIFICATION REGARDING DRUG-FREE WORKPLACE REQUIREMENTS

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of

sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an ongoing drug-free awareness program to inform employees about --
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted --

- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
- (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

Alternate II. (Grantees Who Are Individuals)

- (a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.
